## Manual Explanation

- If there are any variations between the explanation in this manual and the actual application method, priority is given to the actual application method.
- The images used in this manual are prototypes and they may be different from the screens of the actual product.
- This manual is written for people who have a basic knowledge of how to use a computer. If there are no special instructions, perform the same operation as a normal computer operation.
- In this manual, EDIUS Workgroup, EDIUS Pro, and EDIUS series are called “EDIUS”.
- In this manual, Microsoft® Windows® operating system products are called as follows.
  - Microsoft® Windows® 7 operating system: Windows 7 (collective term for Ultimate, Enterprise, Professional, Home Premium, and Home Basic)
  - Microsoft® Windows® 8 operating system: Windows 8 (collective term for Enterprise, Pro, and Core Edition)
  - Microsoft® Windows® 8.1 operating system: Windows 8.1 (collective term for Enterprise, Pro, and Core Edition)
  - Microsoft® Windows® 10 operating system: Windows 10 (collective term for Enterprise, Education, Pro, and Home)
- The signs and definitions in this manual are as follows.

| Signs       | Definitions  |
|-------------|--|
|             | This sign indicates the important point of the operation.  |
| Alternative | This sign indicates an alternative method for the same operation that differs from the one in the procedure. |
| Note        | This sign indicates cautions and restrictions on the operation.  |

## DANGER

### Health Precautions

In rare cases, flashing lights or stimulation from the bright light of a computer display or TV monitor may trigger temporary epileptic seizures or loss of consciousness. It is believed that even individuals whom have never experienced such symptoms may be susceptible. If you or close relatives have experienced any of these symptoms, consult a doctor before using this product.

If you edit 3D video more than an hour continuously, take a rest of 10 to 15 minutes per hour. If you feel tired or uncomfortable, stop using the product.

### Copyright

Do not use captured image/sound data created by other ones without authorization of the right holder regardless of whether it is moving or still image, except for personal fun. Also, duplication of such data is sometimes limited even for personal hobby. Please notice that we are exempted from responsibility for the use of captured data.

# Chapter 1

## Version 8.51

This chapter explains the new features and modifications implemented on EDIUS (Version 8.51).

# Mync

## New Background Music Feature on Storyboard

You can add background music to a movie by registering music clips to the storyboard. Effects such as fade in/fade out can be applied to the background music.

### 1) Register a clip to [Library] of Mync.

### 2) Create a storyboard and add clips.

- Register clips you want to use to the storyboard, including music clips to be used for the background music.
- The number of registered clips is displayed by type in the thumbnail pane.

The number of registered music clips is displayed on the right of [Music].

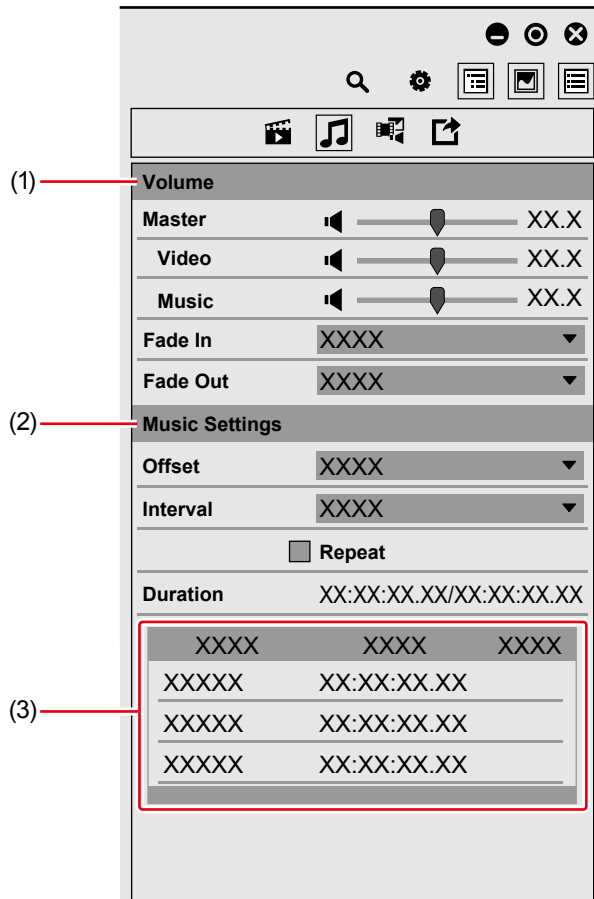

### 3) Edit a video clip or still image clip in the thumbnail pane of the storyboard.

### 4) Click [Audio] in the properties pane.

- The properties pane will be switched to the [Audio] view. In the [Audio] view, you can configure the audio volume and background music.

5) Set each item.

|     |                         |   |
|-----|-------------------------|---|
| (1) | <b>[Volume]</b>         | <p>Adjust the volume. Click the speaker icon to toggle mute/unmute.</p> <p><b>[Master]</b><br/>Set the master volume of the entire storyboard.</p> <p><b>[Video]</b><br/>Adjust the volume of video clips.</p> <p><b>[Music]</b><br/>Adjust the volume of the background music.</p> <p><b>[Fade In]</b><br/>Set the fade-in duration. Checking [Repeat] applies fade-in to the beginning of the storyboard.</p> <p><b>[Fade Out]</b><br/>Set the fade-out duration. Checking [Repeat] applies fade-out to the end of the storyboard.</p>                        |
| (2) | <b>[Music Settings]</b> | <p><b>[Offset]</b><br/>Set the start point of the background music. The playback starts after a lapse of the set duration from the start point of the storyboard.</p> <p><b>[Interval]</b><br/>Set the intervals of music clips placed on the timeline.</p> <p><b>[Repeat]</b><br/>Check this item to repeat playback of music clips that are registered to the storyboard.</p> <p><b>[Duration]</b><br/>The left shows the total duration of music clips that are registered to the storyboard, and the right shows the duration of the entire storyboard.</p> |
| (3) | <b>Music clip list</b>  | <p>Music clips registered to the storyboard are displayed in a list. You can view [Clip Name], [Duration] and [Tag] of music clips.</p> <p>Music clips are placed on the timeline in order from the one on the top of the music clip list. Offline clips are displayed in red.</p>  |

- A yellow line will be displayed on the position bar in the preview pane where background music has been set.
- On the music clip list in the [Audio] view, you can play/stop or delete the music clips, or change the playback order.
  - To play back a music clip, click on a clip to play, and then click ► on the left of the clip name. To stop playback, click ||.
  - To change the playback order of music clips, drag and drop the clips to a desired destination.
  - To delete music clips from the storyboard, click on a clip to delete, and then click ✕ displayed on the right.
- Right-clicking on a clip on the music clip list allows to duplicate a clip or delete it from the storyboard.

 **Note**

- Video clips with audio cannot be used as music clips.

# New Features and Modifications

This section explains the new features and modifications implemented on EDIUS (Version 8.51).

## EDIUS Pro 8

- [2.0000] and [1.8000] have been added to [Aspect Ratio] in [Properties] of clips.  
Sources recorded with anamorphic lens are now supported.
- A new file format (\*.etl2) has been added on Quick Titler.  
The same rendering result can be obtained for titles that have been created with different DPI.  
If you want to prioritize the compatibility with titles created in Version 8.5 and earlier, the conventional file format (\*.etl) is also available for display and editing.

## Mync

- Deleting and hiding imported histories are now supported.
- [Encoding] has been added (Grass Valley's software encoder)\*1 in the settings for storyboard export.  
[High Quality] or [High Speed (Hardware)] can be selected.  
This item is displayed only in an environment where the quick sync video can be used.

\*1 Only supported on Mync Standard.

---

## Chapter 2

# Appendix

This chapter explains support and other information.

# Grass Valley Product Support

For technical assistance, to check on the status of a question, or to report a new issue, contact Grass Valley Product Support via e-mail, the Web, or by phone or fax.

## Web Technical Support

To access support information on the Web, visit the product support Web page on the Grass Valley Web site. You can download software or find solutions to problems by searching our Frequently Asked Questions (FAQ) database.

### ■ World Wide Web:

<http://www.grassvalley.com/support/>

### ■ Contact Customer Support

<http://www.grassvalley.com/support/contact/>

\* Please select "Support for Professional Products" tab.

## Phone Support

Use the following information to contact product support by phone during business hours. After hours phone support is available for warranty and contract customers.

|  |                      |
|--|----------------------|

| Europe, United Kingdom, Africa and The Middle East | +44 (0) 20 8867 6305 |
| Asia (except Japan and Korea)                      | +86 21 5869 8668     |

## Authorized Support Representative

To locate the support representative for your country, visit the following Product Support Web page on the Grass Valley Web site.

- <http://www.grassvalley.com/support/>

**END-OF-LIFE PRODUCT RECYCLING NOTICE**

Grass Valley's innovation and excellence in product design also extends to the programs we've established to manage the recycling of our products. Grass Valley has developed a comprehensive end-of-life product take back program for recycle or disposal of end-of-life products. Our program meets the requirements of the European Union's WEEE Directive, the United States Environmental Protection Agency, and U.S. state and local agencies.

Grass Valley's end-of-life product take back program assures proper disposal by use of Best Available Technology. This program accepts any Grass Valley branded equipment. Upon request, a Certificate of Recycling or a Certificate of Destruction, depending on the ultimate disposition of the product, can be sent to the requester.

Grass Valley will be responsible for all costs associated with recycling and disposal, including freight. However, you are responsible for the removal of the equipment from your facility and packing the equipment to make it ready for pickup.

For further information on the Grass Valley product take back system please contact Grass Valley at + 800 80 80 20 20 or +33 1 48 25 20 20 from most other countries. In the U.S. and Americas please call 800-547-6949 or 530-478-4148, and ask to be connected to the EH&S Department. Additional information concerning the program can be found at: [www.grassvalley.com/about/environmental-policy](http://www.grassvalley.com/about/environmental-policy)

## Our Website

The latest information of our products including this product are released on the Grass Valley website. Visit our website to download the latest drivers, utilities, applications, product manuals (online or PDF) or to see FAQs, for your better editing environment.
